Dear all,

I hope you are having a good break. I am writing to ask whether you would be willing to exhibit your final DH project poster in the library and on our DH website? Your project was very good and I think it deserves to be seen by the SUTD community and wider public.

If you would be willing to do, could you make the following changes before Jan 4?

1. Please check all of your poster text in Grammarly

I'm happy to give you more detailed feedback on your final project too in January.

With all good wishes

Alastair
